President's Corner...

Dear Friends:

It is time to start thinking, planning and if necessary conniving to make a trek to Pensacola. Elsewhere in this issue you will find details.

I am very busy with the tag ends of THE BOOK. Our editor has improved the format which we approve, but the work gets tedious. However, it does improve the readability and that's what counts.

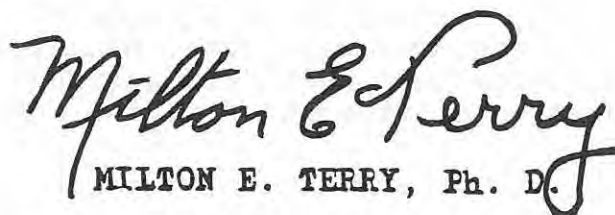

I hope you will be interested to learn that a group of scientists have been using Volume 1 to study the social mobility of women. John and I have felt that ours will be even more valuable for three reasons. 1. we have more people. 2 Our forebears were mobile. 3 Our forebears had whacking great families and lived to good age, so we cover more than 150 years.

The Governor General of the Society Of Mayflower Descendants has honored me with the chairmanship of the Index Committee, and with the Executive Board has approved our committee's proposal for the new set. If all goes well we hope to have the first volume out in a year.

In studying the problems of merging the information in the new "Five Gen" lineages with the lineages of the National membership, I put together a small Index of the Soule 5 Gen information. I have not put in the Sixth. If we restrict ourselves to 5 gens, then there are about a THOUSAND lines which could be put out in a booklet of some 20 pages, the sixth would another 20. Is there any interest in our producing such a booklet which would be portable?? Please let your editor know yes or NIET - NO!. This booklet would make it easy for you to get close to your relationship to a Cousin you never heard of, but who claims Pilgrim George.

When this book is finally done I'll talk about something else, but right now I "ain't doin' nuttin else".

Sincerely

MILTON E. TERRY, Ph. D.

SPEECH OF CAPTAIN CHARLES CARROLL SOULE

55th Mass. Colored Infantry

To the Freed People of Orangeburg District,* June 1865

You have heard many stories about your condition as freemen. You do not know what to believe: you are talking too much; waiting too much; asking for too much. If you can find out the truth about this matter, you will settle down quietly to your work. Listen, then, and try to understand just how you are situated.

You are now free, but you must know that the only difference you can feel yet, between slavery and freedom, is that neither you nor your children can be bought or sold. You may have a harder time this year than you have ever had before; it will be the price you pay for your freedom. You will have to work hard, and get very little to eat, and very few clothes to wear. If you get through this year alive and well, you should be thankful. Do not expect to save up anything, or to have much corn or provisions ahead at the end of the year. You must not ask for more pay than free people get at the North. There, a field hand is paid in money, but has to spend all his pay every week, in buying food and clothes for his family, and in paying rent for his house. You cannot be paid in money, for there is no good money in the District, nothing but Confederate paper. Then, what can you be paid with? Why, with food, with clothes, with the free use of your little houses and lots. You do not own a cent's worth except yourselves. The plantation you live on is not yours, nor the houses, nor the cattle, mules and horses; the seed you planted with was not yours, and the ploughs and hoes do not belong to you. Now you must get something to eat and something to wear, and houses to live in. How can you get these things? By hard work and nothing else, and it will be a good thing for you if you get them until next year, for yourselves and for your families. You must remember that your children, your old people, and the cripples, belong to you to support now, and all that is given to them is so much pay to you for your work. If you ask for anything more; if you ask for a half of the crop, or even a third, you ask too much; you wish to get more than you could get if you had been free all your lives. Do not ask for Saturday either: free people everywhere else work Saturday, and you have no more right to the day than they have. If your employer is willing to give you part of the day, or to set a task that you can finish early, be thankful for the kindness, but do not think it is something you must have. When you work, work hard. Begin early at sunrise, and do not take more than two hours at noon. Do not think, because you are free you can choose your own kind of work. Every man must work under orders. The soldiers, who are free, work under officers, the officers under the general, and the general under the president. There must be a head man everywhere, and on a plantation the head man, who gives all the orders, is the owner of the place. Whatever he tells you to do you must do at once, and cheerfully. Never give him a cross word or an impudent answer. If the

* Orangeburg, SC

work is hard, do not stop to talk about it, but do it first and rest afterwards. If you are told to go into the fields and hoe, see who can go first and lead the row. If you are told to build a fence, build it better than any fence you know of. If you are told to drive the carriage Sunday, or to mind the cattle, do it, for necessary work must be done even on the Sabbath. Whatever the order is, try and obey it without a word.

There are different kinds of work. One man is a doctor, another is a minister, another a soldier. One black man may be a field hand, one a blacksmith, one a carpenter, and still another a house servant. Every man has his place, his own trade, that he was brought up to, and he must stick to it. The house servants must not want to go into the field, nor the field hands into the house. If a man works, no matter in what business, he is doing well. The only shame is to be idle and lazy.

You do not understand why some of the white people who used to own you do not have to work in the field. It is because they are rich. If every man were poor, and worked in his own field, there would be no big farms, and very little cotton or corn raised to sell; there would be no money, and nothing to buy. Some people must be rich, to pay the others, and they have the right to do no work except to look out after their property. It is so everywhere, and perhaps by hard work some of you may by-and-by become rich yourselves.

Remember that all your working time belongs to the man who hires you; therefore you must not leave work without his leave not even to nurse a child, or to go and visit a wife or husband. When you wish to go off the place, get a pass as you used to, and then you will run no danger of being taken up by our soldiers. If you leave work for a day, or if you are sick, you cannot expect to be paid for what you do not do; and the man who hires you must pay less at the end of the year.

Do not think of leaving the plantation where you belong. If you try to go to Charleston, or any other city, you will find no work to do, and nothing to eat. You will starve, or fall sick and die. Stay where you are, in your own homes, even if you are suffering. There is no better place for you anywhere else.

You will want to know what to do when a husband and wife live on different places. Of course they ought to be together, but this year, they have their crops planted on their own places, and they must stay to work them. At the end of this year they can live together. Until then they must see each other only once in a while.

In every set of men there are some bad men and some fools, who have to be looked after and punished when they go wrong. The Government will punish grown people now, and punish them severely, if they steal, lie idle, or hang around a man's place when he does not want them there, or if they are impudent. You ought to be civil to one another, and to the man you work for. Watch folks who have always been free, and you will see that the best people are the most civil.

The children have to be punished more than those who are grown up, for they are full of mischief. Fathers and mothers should punish their own children, but if they happen to be off, or if a child is caught stealing or behaving badly about the big house, the owner of the plantation must switch him, just as he should his own children.

Do not grumble if you cannot get as much pay on your place as some one else, for on one place they have more children than on others, on one place the land is poor, on another it is rich; on one place, Sherman took everything, on another, perhaps almost everything ~~was~~ left safe. One man can afford to pay more than another. Do not grumble, either, because the meat is gone or the salt hard to get. Make the best of everything, and if there is anything which you think is wrong, or hard to bear, try to reason it out; if you cannot, ask leave to send one man to town to see an officer. Never stop work on any account, for the whole crop must be raised and got in, or we shall starve. The old men, and the men who mean to do right, must agree to keep order on every plantation. Where they see a hand getting lazy or shiftless, they must talk to him, and if talk will do no good they must take him to the owner of the plantation.

In short, do just about as the good men among you have always done. Remember that even if you are badly off, no one can buy or sell you; remember that if you help yourselves, God will help you, and trust hopefully that next year and the year after will bring some new blessing to you.

It's 6:30 A.M. and there is a light on the Personnel Department. No, the clean-up crew didn't forget to turn it off the night before. Midge Soule turned it on when she came in and that's the time she starts work every morning. Why?

"Because, I can get more done in that hour and a half before 8:00 A.M. than during normal working hours. No phones and no interruptions," says Midge.

What keeps Midge so busy? Coordination of salary reviews and performance evaluations, insurance plan administration, time and attendance records, new employee applications and reference checks, arranging applicant interviews, transportation and housing arrangements, employee moves from project to project, airline reservations; these are only a few of the areas for which Midge is responsible.

Midge has been with Gilbane for ten years, all of them spent in the Personnel Department. She lives in Providence; walking distance from the office. In fact, her apartment became home for a couple of days during the blizzard of '78, for a number of women Gilbane employees.

Midge has three children and eight grandchildren. Her son, Edwin, is an Army Recruiting Sergeant First Class in Swansea, Massachusetts. Dennis is a Captain in the Army, stationed at Fort Bragg and daughter Susan lives in Portersville, Pennsylvania.

I thoroughly enjoyed the Soule Kindred meetings at Plymouth in September and would like to come to Florida in 1979. We will see if it is possible. Attending the Soule meetings made the whole story more real and not just a story for me. The clam bake (my first) was lots of fun. I really enjoyed meeting so many lovely people -- part of my big Soule family. The October Newsletter fascinated me; I read and enjoyed it from cover-to-cover.

We rode with the Crismores all the time and became very well acquainted. Now we are going to see them in Florida soon.

JAMES SOWLE, my grandfather, was born in Chenango, New York, 13 Mar 1806. His father was also named JAMES. His wife was Lucy Kestell, and was born in New York, in Herkimer County in 1810. They came to Detroit a few months before he came of age. He was a carpenter and millwright by trade. He resided in Washtenaw County and Lenawee County, where he built mills at Wacousta, Hubbardston, Maple Rapids, and store buildings in Detroit, walking to and from his jobs. He came on foot from Lenawee County to Clinton County and selected sections 21, 22, and 23 in Essex Township. He built his home in 1837 (it still stands), and the first frame barn in Essex in 1839. About this time he also built the first flour mill, run by water power, at the City of the Straits, now Mackinaw City.

The area around his home was the haunt of Indians, deer, wolves, and bear. He plowed the land for the Indians who raised corn, potatoes, and turnips. He received maple sugar made by the Indians along the Maple River in payment for his services. He helped the settlers with their buildings; I have his saw -- still in good condition.

In 1843, the first township meeting was held in his home. He was elected the first township highway commissioner and later held many other offices. He donated a plot of land near Maple Rapids to be used for a cemetery, and it is still called the SOWLE CEMETERY.

He had nine children by his first wife. All but the first being born in Clinton County:

| 2. Mary | b. 1837 | 7. David | b. 1846 |

| 4. Harriet | b. 1840 | 9. | |
| 5. James | b. 1842 | | |

James and David were killed in the Civil War. George was taken prisoner and was supposed to be shot, but he escaped by a ruse.

JAMES SOWLE'S second wife was LYDIA HUDSON, b. 1819, d. 1880

They had five Children:

| 2. Walter | b. 1853 | 5. William | b. 1861 |
| 3. Abby | b. 1855 | | |

Walter had no children. Hannah, married to Henry Burlingame, had four children: Walter, Lois, Orville and Enid.

Query:

Ethel Stroupe Vochko, 300 West 24th Avenue, San Mateo, California 94403 is searching for the Bible of SOLOMON-7 SOULE and KEZIAH PAGE. Ridlon indicates that Solomon-7 Soule took the Bible of his grandparents GIDEON-5 and RUTH HARDEN SOULE of Halifax, Massachusetts "west to Woodward's Landing, Washington Territory". Ms. Vochko is trying to corroborate a family record book owned by her mother which gives the birthdate of GIDEON-5 SOULE as 6 Feb 1740 "Hallifax". She feels that his records have been combined with those of his cousin GIDEON-5 SOULE, b. 26 Jan 1739, Pembroke V.R., and baptized 17 Aug 1740, First Church of Pembroke. She feels that GIDEON-5 SOULE of "Hallifax" may be the son of JOHN-4 SOULE of Halifax. Both JOHN-4 and GIDEON of Halifax are buried at Thompson Street Cemetery, Halifax.

If any readers have information on the Halifax, Massachusetts Soule family, please correspond with Ms. Vochko.

I was able to look over Ridlon's History and Genealogy of the Soule Families; I found my father's name incorrectly listed as "Herbert". The correct spelling is "Hubert". I understand there are many inaccuracies in the volumes.

On page 98 of the April 1922 issue of the New England Historical and Genealogical Register may be found Carleton's name and his place in the lineage (see obituary: Carleton P. "Bud" Soule - this issue). My name is on the next page: Virginia Anna Soule, dau. of Hubert and Anna Jane (Isham) Soule. My grandfather was William Sherman Soule. My lineage: George¹, George², Nathan³, Timothy⁴, Joseph⁵, Salmon⁶, Joseph Allen⁷, William Sherman⁸, Hubert⁹.

She married in the United Brethren Church, Montgomery, MI. 19 April 1924 HARRY HERALD DAVIDSON, born Tipton, OH 4 Nov 1902, died Coldwater, MI 28 Dec 1975 [See SOULE NEWSLETTER 10:20, Jan. 1976]. She was buried at his side in the Lakeview Cemetery, Quincy, MI.

Survivors include two sisters Lola M. Parker (Mrs. Clarence) of Tekonsha, MI and Emma Lytle (Mrs. John) of Coldwater; an only son MARION RUSSELL DAVIDSON of Battle Creek, MI and his four children, Mary of St. Joseph, MI., Susan, John and Diane.

Among the early members of SOULE KINDRED, cousins Wilma and Harry have been diligent workers for us. Noteworthy have been the charcoal rubbings of the earliest Soule / Sowle gravestones in the Angola, IN area; sketches and listing of inscriptions on every stone in the "Old Sowle Cemetery" in Pleasant Township (a few miles north of Angola) where most of Wilma's ancestors resided after migrating to Indiana from the Broadalbin area of New York state. They have also copied and filed with the Family Historian every birth, marriage and death record on file in nearby counties of northern Indiana and southern Michigan. Nearly ten years ago your Historian met many members of the Davidson branch incident to a memorable fish fry at Harry and Wilma's lakeside cottage. All members of our family association should remember and remain grateful to our Davidson cousins and what they have contributed. [Kindred No. 4223143111]
